Date: January 9, 2015

Federal Communications Commission
7435 Oakland Mills Road
Columbia MD 21046

Subject: Request for Confidentiality

FCC ID: 2AAEH-103, 2AAEH-104, 2AAEH-105, 2AAEH-106

To Whom It May Concern:

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), we are requesting the Commission to withhold the following attachments as confidential document from public disclosure indefinitely:

- Theory of Operation
- Block Diagram
- Software Defined Radio Request
- Copy of KDB inquiry
- DFS test plan

Above mentioned documents contain detailed system and equipment description are considered as proprietary information in operation of the equipment. The public disclosure of above documents might be harmful to our company and would give competitor an unfair advantage in the market.

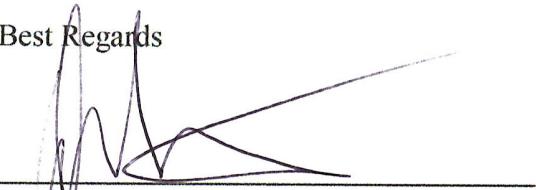

We provide the following justification for the non-routine confidentiality request. The product will not be accessible to the general public. Installation requires special training of professional installers. The product can only be repaired by fastback and has tamper seals. Please refer to the Installation Manual provided as part of this Application Sections 2.1 which explains breaking the tamper seals voids the warranty and 6.3.1 which explains to mount where access is restricted to authorized service personnel.

In addition to above mentioned documents, pursuant to Public Notice DA 04-1705 of the Commission's policy, in order to comply with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. We are requesting the commission to grant short-term confidentiality request on the following for the maximum duration of 180 days:

Test Setup Photos
User Manual

It is our understanding that all measurement test reports, FCC ID label format and correspondent during certification review process cannot be granted as confidential documents and those information will be available for public review once the grant of equipment authorization is issued.

Best Regards

A handwritten signature in black ink, appearing to read "Best Regards", is written over a stylized, wavy line that resembles a signal waveform or a stylized signature.
