

Model and Revision Statement

MDZ-05-XX series Internet Set Top Box (STB)

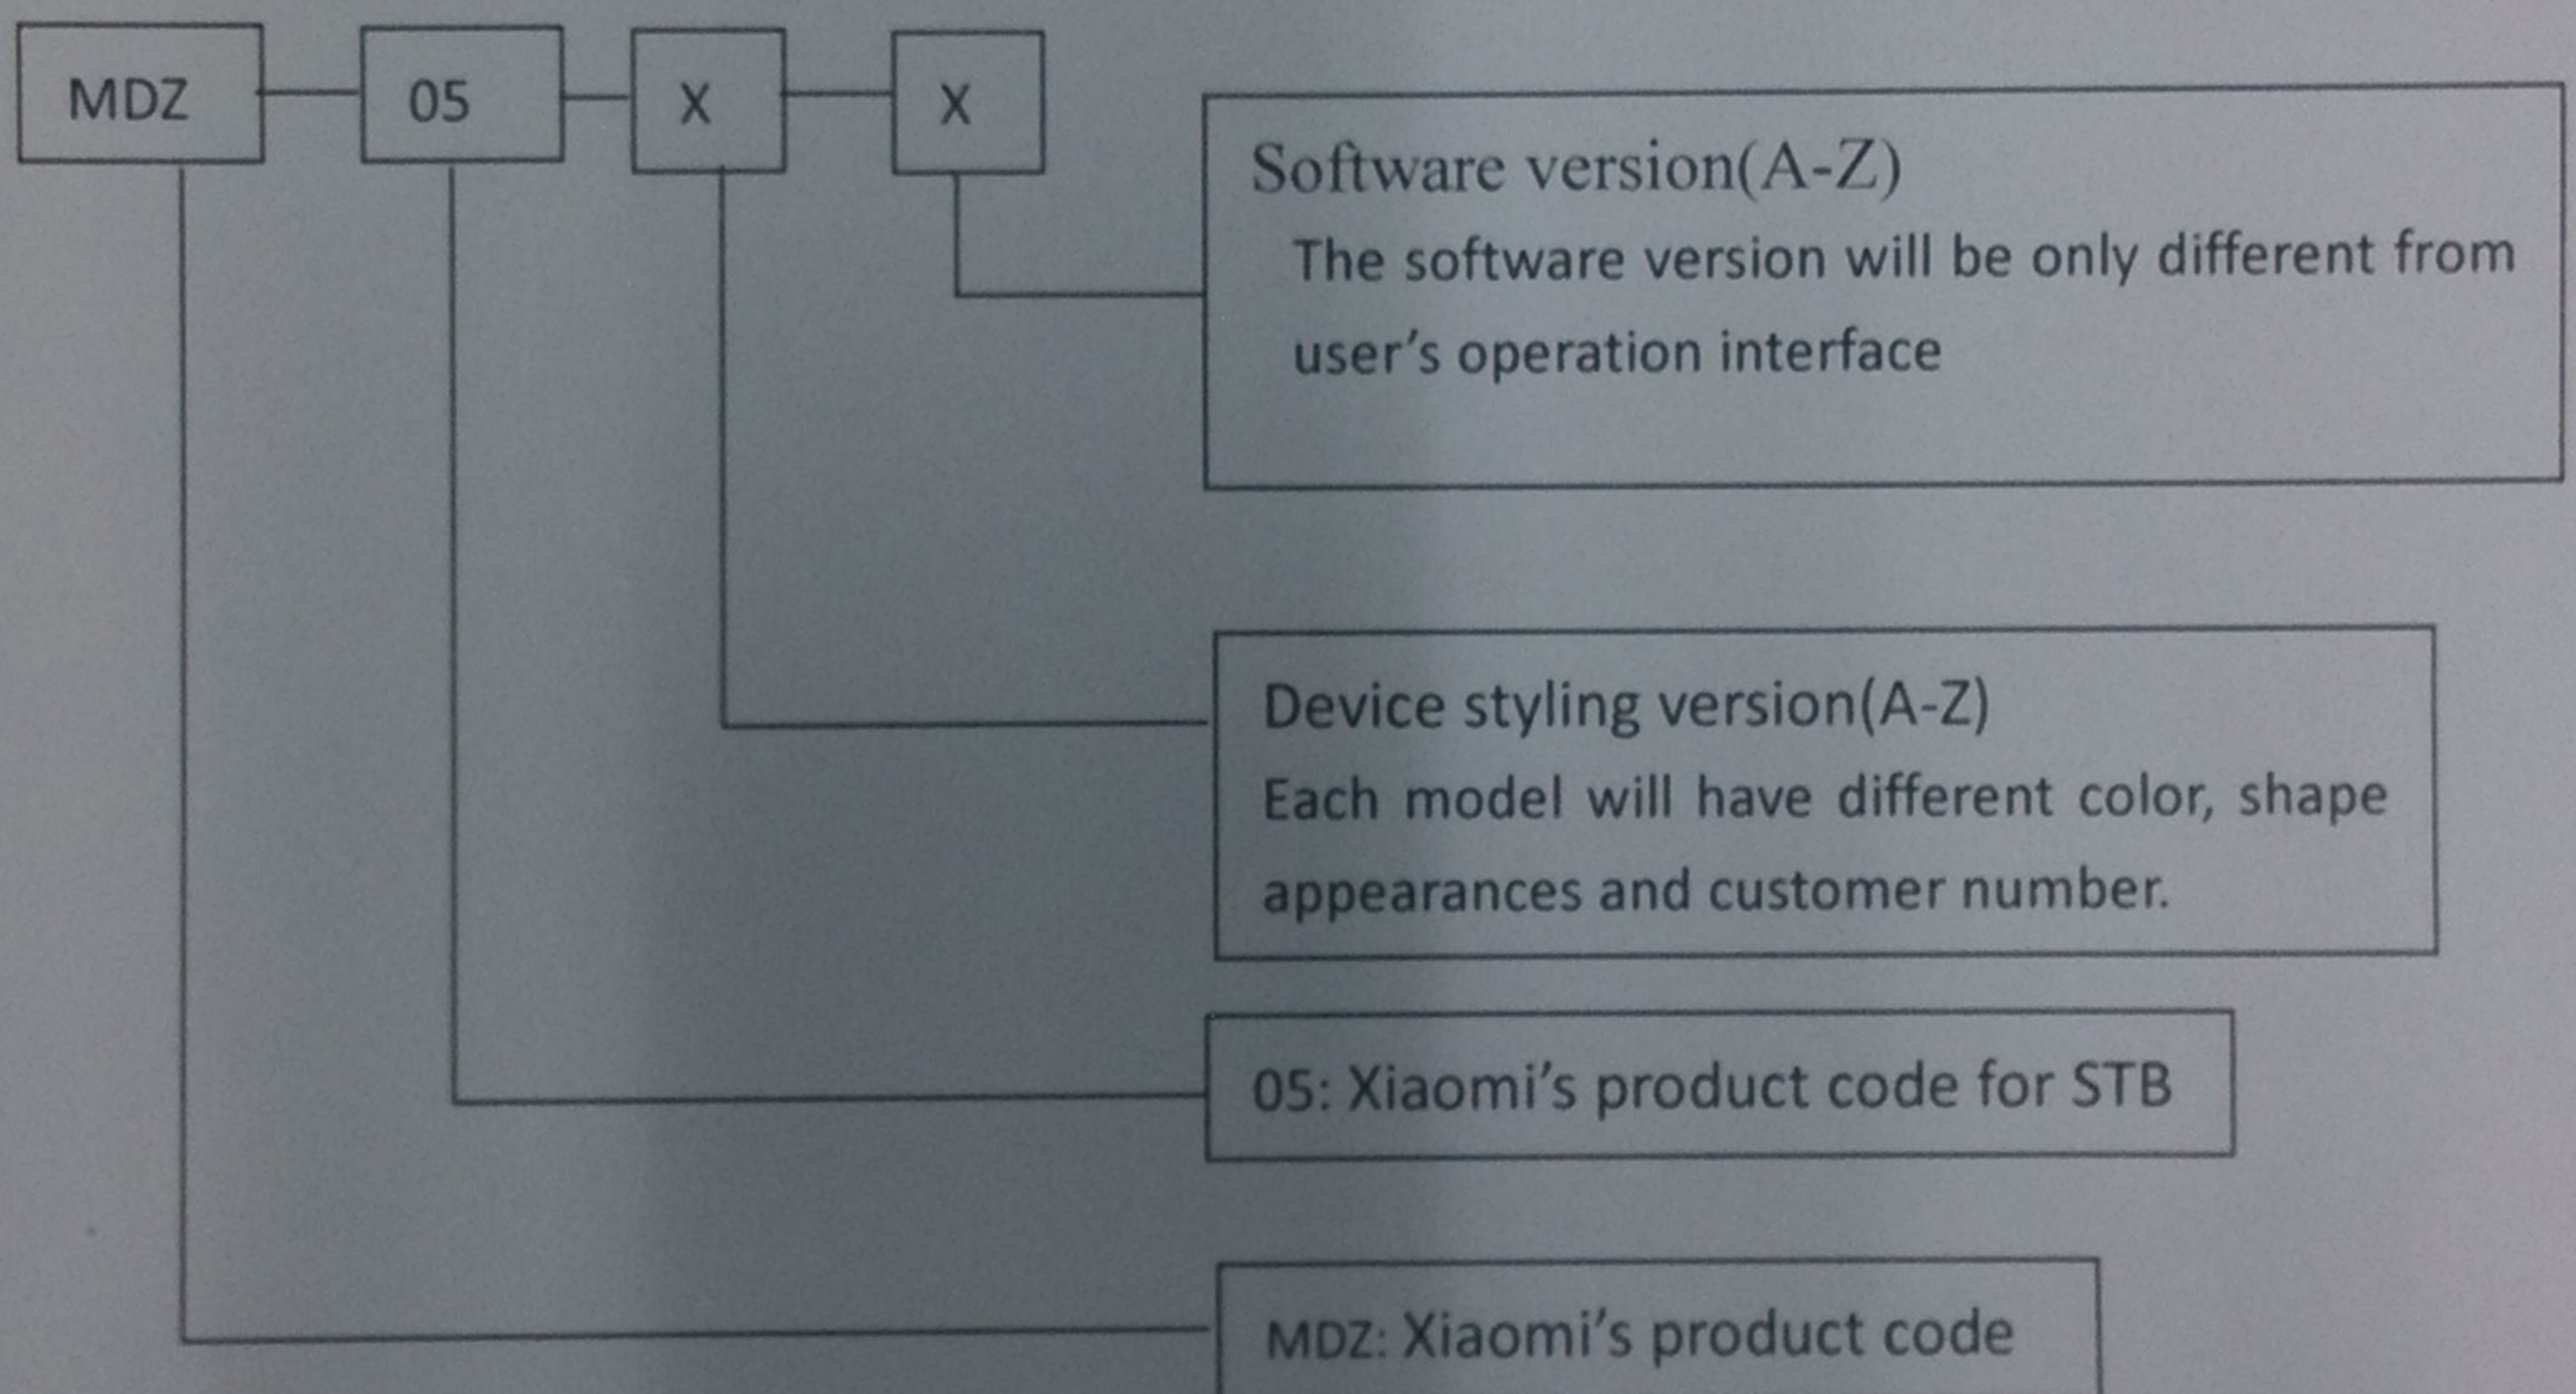

Description

The MDZ-05-AB is one type of STB within the MDZ-05 series. This series will have multiple models subsequently. The main differences for these STBs are as follow:

1. The Trademark and logo will be different
2. Each model will have revised styling and appearances
3. The software version will be different

Xiaomi's MDZ-05 series product will use the same PCB board; retain same size and weight, future revisions of the product are in styling and software only.

Xiaomi will be responsible for all consequences caused by various models of MDZ-05 series STB, and for any of the above-mentioned differences.
