Re: Attestation Letter for FCC ID: 2AAIG-0725

Vafara L.L.C.'s handheld device, FCC ID: 2AAIG-0725, meets the following conditions required to place the label in a user accessible area instead of the exterior of the device: the label will be in the battery compartment and the batteries will not be installed while marketing the device; the FCC identifier and the documentation directing the user where to find the FCC label will be visible at the time of purchase, the battery compartment will not require any special tools for access, and the FCC label will not be placed on a removable part of the battery compartment.

Sincerely,

Tracy Tuyen
