

LABELLING REQUIREMENTS

Labelling Requirements

The sample label shown shall be *permanently affixed* at a conspicuous location on the device and be readily visible to the user at the time of purchase.

But this device is so small that I will put the FCC ID and Part 15.19 related information in the User Manual.

Also, since this device will be shipped within US as it is mounted on the host, module manufacture will inform the user to indicate "Contains FCC ID: 2AAM2-QCC5144BM" on the host label.
