| 2mm zalewki

OKŁADKA PANT

### STEP 3

Find downloaded **POWEREDBOARDGAMES** application icon on your home screen and tap it to launch it.

**Board Games!**

## STEP 4

Turn on **DICE+** by flipping it upside down. It will connect automatically.

After waking up **DICE+** glows blue, which indicates it is searching for a compatible game.

When flashing changes from blue to green it means **DICE+** has connected.

## STEP 5

Choose a game from the **POWEREDBOARDGAMES** application and **have fun playing together!**

## CHARGING

**DICE+** flashing red indicates a low battery level. If **DICE+** does not react, the battery may be discharged.

To recharge, push and slide the face marked with dots and plug in the micro USB cable. A full charging cycle takes up to **2 hours**.

PUSH AND SLIDE

You can check the battery level anytime in My Profile in **POWEREDBOARDGAMES** application or by plugging **DICE+** into your device using the micro USB cable.

low battery level

medium battery level

high battery level

## TURNING OFF

**DICE+** switches off automatically after **1 minute** once you exit the **POWEREDBOARDGAMES** application.
