

70*110mm

Note: 1.This TWS function is based on two speaker using together, only one speaker cannot realize it,you need to buy another one. 2.If you have paired one speaker before, there will be a "LFS-OCEAN" shown on your bluetooth setting.if you cannot connect the twin speaker 'LFS-OCEAN', please delete the earlier 'LFS-OCEAN' on your bluetooth setting , turn off the bluetooth on your mobile device and turn on again,after two speaker connected with each other,search for new "LFS-OCEAN" on the bluetooth setting and make a pair, then the mobile device will connect with twin speaker, the twin speaker can play music sync. Specifications: Material: ABS Plastic+ Metal Charging Voltage: DCSV Frequency: 100Hz - 20KHz Operation Range: 33feet / 10m Package Includes: Bluetooth speaker USB charging cable Audio Cable User Manual Lanyard	Important Safety Instructions: 1.Please store and use product in room temperature. 2.Do not drop or bump the product. 3.Do not disassemble, modify or attempt to repair the product on your own. 4.Please use the rated voltage to charge your speaker. 5.Avoid playing music at high volume for long periods of time as it may cause hearing damage. 6.Dismantling this product will void the warranty. Usage Tips: 1.Make sure your phone, tablet, laptop or other desktop device is bluetooth- enabled. 2.The operational range of the speaker may be influenced by obstructions like walls,pillars, etc. To ensure a stable connection, we recommend avoiding such obstructions whenever possible and/or shortening the distance during use. 3.Power off the speaker when not in use . 4.The speaker will send alert when the battery voltage is low. 5.Exceptions may occur when misoperation happens or the battery is too low. Please fully charge battery and turn on the on/off button to reset.	FCC IC warning statement This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. • Consult the dealer or an experienced radio/TV technician for help. Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
