

## **Tethercell User Manual**

### Setting up your Tethercell

1. Install a single AAA-battery into the open battery compartment in your Tethercell, minding the proper orientation of the AAA-battery as depicted on the inner surface of the Tethercell.
2. Select the battery-operated device you'd like to connect to and/or control.
3. Install the Tethercell into the battery compartment of the chosen device in the same way you would install a normal AA-battery. The Tethercell will replace one AA-battery in the device. The remaining openings in the device battery compartment should be filled with standard AA-batteries.
4. Go to the Apple App store on your iPhone and search for the "Tethercell" app. Download and install the App and follow the onscreen setup instructions.
5. Provide a device name and image for the device which you are now connecting to using Tethercell.
6. That's it! You're ready to connect to and control your device using Tethercell.

### Using Tethercell

To connect to a battery-operated device that you've installed Tethercell into, load the Tethercell app and scan for the active Tethercell. Any active Tethercells will load on the app screen. To connect, tap the row corresponding to the device you would like to connect to. If the Tethercell has not been previously registered you will see the default name and image (both of which are editable) in the active device row.

### Power Rating

+1.5 V ---- 2500mAh

### For replaceable batteries used to power Tethercell

Caution:

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AND INCORRECT TYPE.  
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

### Declaration of conformity

Trade name: Tethercell

Model Number: Tethercell AA 1.0

Responsible Party: Tethercell, LLC

Address: TBA

Tethercell  
FCCID: 2AAQWTETH001  
IC: 11281A-TETH001  
Model: Tethercell AA 1.0

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

This equipment must not be co-located or operated in conjunction with any other antenna or transmitter.

Cet équipement ne doit pas être co-implantés ou exploités en conjonction avec une autre antenne ou un autre émetteur.

This equipment complies with FCC/IC radiation exposure limits set forth for uncontrolled equipment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET65 and RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment has very low levels of RF energy that it is deemed to comply without testing of specific absorption ratio (SAR).

Cet équipement est conforme à l'exposition aux radiations FCC / IC définies pour les équipements non contrôlée et répond à la fréquence de la FCC radiofréquence (RF) Directives d'exposition dans le Supplément C à OET65 et RSS-102 de la fréquence radio (RF) IC règles d'exposition. Cet équipement présente des niveaux très faibles de l'énergie RF que cela est jugé

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le

brouillage est susceptible d'en compromettre le fonctionnement."
