*Note: It is requested that the internal photos (i.e. circuit board and internal layout) be given permanent confidentiality due to key commercial sensitivities. This device is enclosed in a resin/epoxy. Any attempt at dismantling this device will result in destruction of the device.

LADD IP Holdings Pty Ltd has spent substantial effort in developing this product and it is the only one of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

NOTE for Industry Canada Applications:

The applicant understands that until such time that IC distinguishes between Short Term and Permanent Confidentiality, either type of marked exhibit above will simply be marked Confidential when submitted to IC.

Sincerely,

By:
