Smart Luggage Lock

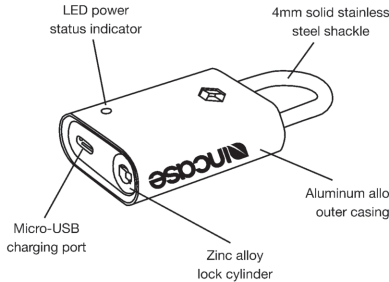

Quick Start Guide

INTR40038

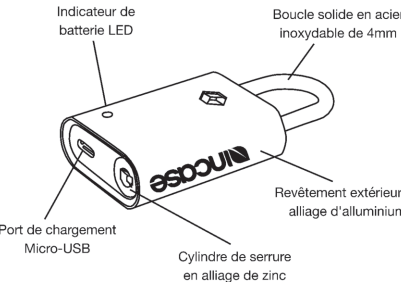

Quick Start Guide

1. Open your Settings on your smartphone and ensure Bluetooth is On.
2. Visit the App Store to search and download the free Incase Smart App.
3. Once downloaded tap the new Incase Smart App icon to launch.
4. Follow the in-app instructions to complete setup.
5. For troubleshooting, visit <https://www.incase.com/contact/>

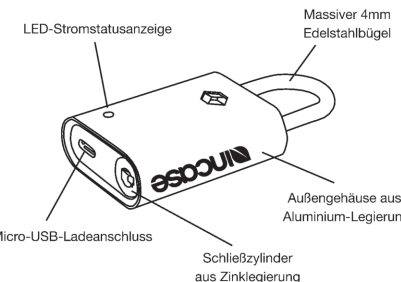

Guide de démarrage rapide

1. Accédez aux Réglages de votre smartphone, et assurez-vous que le Bluetooth est activé.
2. Visitez l'App Store afin d'y chercher et d'y télécharger l'application gratuite Incase Smart App.
3. Une fois le téléchargement effectué, appuyez sur l'icône Incase Smart App pour démarrer le logiciel.
4. Suivez les instructions données par l'application pour terminer l'installation.
5. En cas de problèmes, rendez-vous sur <https://www.incase.com/contact/>

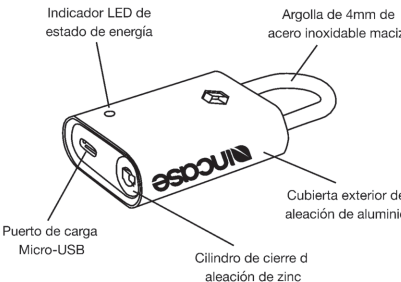

Schnellstartanleitung

1. Öffnen Sie Ihre Einstellungen auf Ihrem Smartphone und stellen Sie sicher, dass Bluetooth eingeschaltet ist.
2. Besuchen Sie den App Store, um die kostenlose Incase-Smart-App zu suchen und herunterzuladen.
3. Nach dem Download tippen Sie auf das neue Incase-Smart-App-Symbol, um zu starten.
4. Folgen Sie den In-App-Anweisungen, um das Setup abzuschließen.
5. Für Informationen zur Fehlerbehebung besuchen Sie <https://www.incase.com/contact/>

Guía de inicio rápido

1. Abra los Ajustes de su smartphone y compruebe que el Bluetooth está conectado.
2. Visite la App Store para buscar y descargar la aplicación gratuita Incase Smart.
3. Una vez descargada, pulse el nuevo icono de Incase Smart para iniciar la aplicación.
4. Siga las instrucciones para completar la instalación.
5. Si tiene problemas, visite <https://www.incase.com/contact/>

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician or help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IC Statement

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The term "IC: " before certification/registration number only signifies that the Industry Canada technical specifications were met. This product meets the applicable Industry Canada technical specifications.

Le présent appareil est conforme aux CNR d'Industrie Canada applicable aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage,
- et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement
