

FCC Instructions

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Charging:

The Spinner works on internal rechargeable Lithium battery. Please charge your speaker fully before first use. To charge the battery: Using a Micro USB cable (Not included), insert the jack into the "Charging" port located at the top of the unit and then plug the USB connector into the USB port on a computer for charging.

A red light on the spinner will indicate the charging situation. When battery is full, the red light will turn off automatically.

Pairing

Turn on the unit by pushing the switch at back to "on" position. Lights will start blinking to indicate the speaker is in pairing mode and searching for your Bluetooth mobile device. Open the Bluetooth function on your device and search the speaker named " BT Speaker ". After selecting this speaker, your device will pair without a password. (If required, enter the password "0000" to finalize the pairing).

Compatible Devices

Compatible with most smartphones, tablets and most music players that support bluetooth

Control

Keep device within 33 feet (10 meter) of speaker.
Adjust the volume of your device to a comfortable level.
Turn off the unit when not in used.

Maintenance and Notes

- Please keep away from small children
- Do not over charge the battery
- Low battery may affect bluetooth range and performance
- Place the unit away from sources of direct sunlight, excessive heat and water.
