Re: FCC ID: 2AB8BARX900

To Whom It May Concern:

The following application is submitted on behalf of our client, AirNetix, LLC, for evaluation of their model ARX-900 for certification under FCC Part 15.247.

The ARX-900 is an AiRocks Wireless Audio Repeater and is a component of the AiRocks Pro digital wireless audio distribution for pro-audio sound reinforcement applications. The ARX-900 is used to transport audio from a single source to multiple powered speakers within its range in areas where the wide area of audio distribution is required.

The ARX-900 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
