

Antenna Gain Plot

Antenna Location

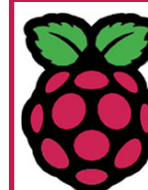

Antenna Radiation Pattern – 3 Axis

RMC2GW4B52 Antenna Details

Maximum Gain = 2dBi
Operating Frequency = 2400MHz to 2483.5MHz
Antenna Type = Integral (PCB Substrate)

Raspberry Pi Pico 2 W Antenna Description

Showing the Radiated Pattern and Frequency Response of the Antenna Circuitry

Laboratory testing results showing the radiation pattern of the Raspberry Pi Pico 2 W Antenna in the vertical and horizontal polarisation.
