

Setup Guide

1. Connect Audio Cable for Streaming Music

The included audio cable has a 3.5mm connection and an RCA (red/white) connection

- Insert 3.5mm audio cable connector into Blumoo HomeBase Cable
- Insert RCA (Red/White) audio cable connectors into appropriate audio input connections on your entertainment equipment

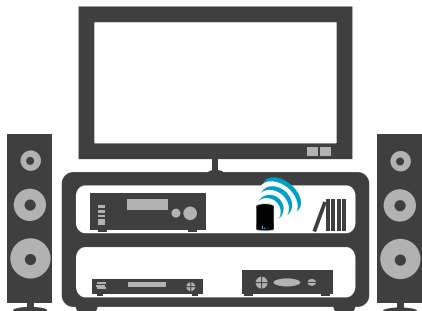

2. Connect Power

- Connect included wall charger to Blumoo HomeBase Cable
- Plug wall charger into electrical outlet

3. Position Blumoo HomeBase

- Place the Blumoo HomeBase next to your home entertainment equipment.

4. Install Blumoo Mobile App for streaming and remote control

- Visit the Apple App Store or Google Play Store
- Search for and install the "Blumoo" app
- Launch the app when ready
- Follow the instructions provided by the Blumoo Mobile App to setup your Blumoo

5. Pair Bluetooth Audio

- Open Bluetooth settings on your mobile device
 - Pair with "Blumoo Audio"
- **note that you will have two Blumoo connections that should be active: Blumoo & Blumoo Audio*

Troubleshooting:

If you have problems with your Blumoo, there's usually a simple solution.

- Make sure your Blumoo is paired to your mobile device(s) over Bluetooth. Open Bluetooth settings on your mobile device and confirm that you are paired with both "Blumoo" and "Blumoo Audio".
- Make sure your Blumoo HomeBase has a clear view of the devices you intend to control and the LED indicator is blue. You may have to reposition the Blumoo HomeBase slightly to find the optimal position.
- Some device manufacturers have multiple codes in the Blumoo database. You may need to try other code groups during setup to find the optimal command set for your device.
- Blumoo controls over 200,000 unique devices. If your device is not currently supported, let us know at blumoo.com/support to have it added!

Visit www.blumoo.com/support for additional information and support.

Safety:

External Wall Charger

- *The wall charger (Power Supply) is for indoor use only.
- *Use the wall charger that comes with your product; do not use any other wall charger
- *Do not use a damaged wall charger or attempt to repair one that is damaged
- *Do not immerse the wall charger in water or subject it to physical abuse
- *Inspect the wall charger regularly for damage to its cable, plug, and casing

*Keep Blumoo out of reach of children and pets.

*FCC Radiation Exposure Statement:

To comply with FCC RF exposure requirements in section 1.1307, a minimum separation distance of 20cm is required between the antenna and all persons.

*Do not expose Blumoo to liquid, moisture, fire, open flames, or extreme temperatures.

*Failure to properly care for the Blumoo device voids all warranties and may increase the risk of serious injury or death and damage the Blumoo device.

*Failure to heed all acoustic safety precautions can result in serious injury to the ear or permanent loss of hearing.

Designed in the USA. Made in China.

FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Compliance Information Statements: This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and may cause harmful interference to radio communications if not installed and used in accordance with the instructions.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter. Do not attempt to repair or modify the Blumoo HomeBase yourself. The Blumoo HomeBase does not include any user-serviceable parts.

FCC identification number is located on bottom of unit.
