Re: FCC ID: 2ABLX-150560Z

To Whom It May Concern:

The following application is submitted on behalf of our client, Qmotion Incorporated, for evaluation of their model QM150560Z for certification under FCC Part 15.247.

The QM150560Z 1-Channel wired/wireless Ethernet switch contains a 2.4GHz direct sequence spread spectrum ZigBee radio and is powered through Ethernet Cat5e cable. The QM150560Z can control ZigBee shades either by wireless connectivity or by wired Ethernet ES-485 communications.

The QM150560Z was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
