This device also come with 2 LEDs for wireless charge status indicated.

Product Features

P.GENE Wireless Charge Pad-001

- Slim and light
- Qi compatible
- Self-adaptation auto-charge
- Foreign object detection
- Charge status indicate
- Over temperature detection

Product Specifications

Model Name: Wireless Charge Pad-001

Model Number: PG-021

Power Input: 5V / 2A

Power Output: 5V / 1A

Charge frequency: 110-205 KHZ

Receive Distance: 5mm

Product Dimensions: L139mm x W68mm x H7.4mm

Product Weight: Approx. 62g

Operating Temperature: 0°C to 45°C

Accessories: Micro-USB Cable, Product Conformity Certificate, Instruction Booklet and Repair Card

低功率電波輻射性電機管理辦法 (930322)

第十二條 經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

第十一條 低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時為止。不得繼續使用。

前項合法通信，指依電信法規定作業之無線電通信。低功率射頻電機需受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

Operating Notes

Before using this device, please read the instruction booklet packaged with the device.

- Please fully charge the device before using.
- Do not under any circumstances use the device in an environment hotter than the allowable temperature range or while the device is wet.
- Please avoid placing the device in direct sunlight. Keep away from fire and heat sources.
- Please do not submerge the device in water or place the device in fire.
- Please do not strike, throw, or attempt to open the device.
- Keep out of the reach of infants and children.
- Please do not allow children to use the device without adult supervision.
- Please use an appropriate adapter when charging the device.
- Note that the battery should not be reverse-charged.
- Extended periods without use can cause the battery to degrade. Please allow the battery to fully charge and discharge at least once every 3 months.
- Store the device in a dry environment when not in use for extended periods of time.
- When disposing of the device, please make sure to do so properly at a battery recycling station. Do not dispose in the trash.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator & your body.
