

51,7

**Industrial Radio Remote Control    Model No: Alpha 504 I**  
**FCC ID: 2ABU9-504I**  
**IC: 11768A-504I**

This device complies with Part 15 of the FCC Rules and with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Note: Changes or modifications not expressively approved by the party responsible for compliance could void the user's authority to operate the equipment.
