Getting to Know Your Device

1.Using in Wet Conditions
Your device is water-resistant,which means it is rain-proof and splash-proof and can stand up to even the sweatiest workout.
NOTE:Do not swim with your Smart Bracelet.We also don't recommend showering with your wristband;though the water won't hurt the device,wearing it 24/7 does not give your skin a chance to breathe.Whenever you get your bracelet wet,dry it thoroughly before putting it back on.

2.Using Quick View
With Quick View you can check the time or the message form your phone on your Smart bracelet without taping.Just turn your wrist towards you and the time screen will appear for a few seconds.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could
void the user's authority to operate the equipment. This equipment has been tested and found to comply
with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These
limits are designed to provide reasonable protection against harmful interference in a residential
installation. This equipment generates uses and can radiate radio frequency energy and, if not
installed and used in accordance with the instructions, may cause harmful interference to radio
communications. However, there is no guarantee that interference will not occur in a particular
installation. If this equipment does cause harmful interference to radio or television reception,
which can be determined by turning the equipment off and on, the user is encouraged to try to
correct the interference by one or more of the following measures:

－－ Reorient or relocate the receiving antenna.

－－ Increase the separation between the equipment and receiver.

－－ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

－－ Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following
two conditions: (1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may
cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
