

01 Packing List

Principal part of the watch (including the strap) × 1
Charging base × 1
Instruction manual × 1

02 App Installation

Amazfit app is a must-have app for the watch, which can help you manage the watch and experience more functions.

1. Press and hold the power button to turn the watch on.

2. You may download and install the latest version of amazfit app from the app market.

Note:

1. For a better experience, please follow the prompts to upgrade the app to the latest version.
2. The system should be Android 5.0, iOS10, or above versions.

03 Binding the Watch

1. Open Amazfit app on your mobile phone to register an account or log in to your account.
2. Select the device that you wish to bind in the device list and complete the pairing and connection following the app prompts.
3. When the binding is done, the watch will display the correct time and the related functions can be set as needed.

Note: Do not use the Bluetooth in your phone settings to perform the pairing directly.

04 Charging the Watch

This product is magnetically charged, so please use the original charger for charging. The charging interface should be aligned with and kept close to the metal contacts of the charging base until the charging indicator appears on the watch screen.

Note: Please use the charging base provided in the product package and make sure to dry the contacts before charging.

05 Safety Notice

The device is water resistant with a certified rating of 5 ATM. This means that the device is resistant to rain and when showering. It may also be used in shallow-water activities, such as swimming in a pool.

However, the watch should not be used when scuba diving, bathing, using a sauna, or in other activities involving a high-velocity of water or the submersion below shallow depth.

Please do not operate the watch underwater. After submerging, dry it with a dry cloth before operating or charging.

The watch is not protected against chemical reagents, acidic or alkaline solutions, etc. Defects caused by liquid damages are not covered under the warranty.

06 Basic Parameters

Product model: A1919

Battery capacity: 390mAh

Wireless connection: BT5.0, BLE

Operating temperature: 0 °C to 45°C

Water resistance rating: 5ATM

Device requirements: Devices installed with Android 5.0 or iOS 9.0 and systems of above versions

07 Warranty and Return Policy

The Amazfit Limited Warranty covers Amazfit products against manufacturing defects beginning on the original purchase date. The warranty period is 12 months or other period as the applicable consumer laws in the consumer's country of purchase require. Our warranty is in addition to rights provided by applicable consumer laws.

Regulatory Notice

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including the interference that may cause undesired operation.

FCC ID:2AC8UA1919

Any changes or modifications that are not expressly approved by the party responsible for the compliance may void the user's authority to operate the device

Note: This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interferences in a residential installation. This device generates, uses, and may radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference, and
- (2) This device must accept any interference, including interference that may cause undesired operation if the device.

IC:21806-A1919

CAN ICES-3(B)/NMB-3(B)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radioexempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and the maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce the potential of radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

Conformément à la réglementation d'Industrie Canada, le présent émetteur radio peut fonctionner avec une antenne d'un type et d'un gain maximal (ou inférieur) approuvé pour l'émetteur par Industrie Canada. Dans le but de réduire les risques de brouillage radioélectrique à l'intention des autres utilisateurs, il faut choisir le type d'antenne et son gain de sorte que la puissance isotrope rayonnée équivalente (p.i.r.e.) ne dépasse pas l'intensité nécessaire à l'établissement d'une communication satisfaisante.

Disposal and Recycling Information

The following symbol signifies that this device has to be disposed separately from ordinary household wastes at the end of its life. Please kindly be aware that this is your responsibility to dispose the electronic device at recycling centers so as to help conserve the natural resources.

Certifications and Safety Approvals

Hereby, Anhui Huami Information Technology Co., Ltd. declares that the radio device type A1919 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: <http://en.amazfit.com/support.html>
