◆ Product Features Description

※ This product is a portable robot type speaker that use Bluetooth wireless technology. The Bluetooth device to be connected to this system needs to support A2DP (Advanced Voice Delivery Configuration Protocol).

※ 3W Amplifier and enhanced bass (passive diaphragm) make the sound more robust.

◆ Technical Spefications:

※ USB charging input voltage: 5V [500MA current].
※ Charging time: Around 2.5 hours to finish charging.
※ Lithium battery specifications; 3.7V / 400MA capacity.
※ Working Time : Up to 4 hours at normal volume 60%.
※ Maximum power distortion 7%.
※ Speaker Specifications (ø36MM unit. / 4ohms / 3.W bandwidth. [70HZ- - 20KHZ] sensitivity; 1K (85dB).
※ Speaker rated power output 3W.
※ Signal to noise ratio: 90HZ-20K / 65dB.
※ Follow the Bluetooth V5.4
※ Compatible with A2DP \ AVRCP high-quality stereo audio transmission and remote control protocol.
※ Support hands-free Bluetooth hands-free (HFP protocol).
※ Bluetooth work in the world-wide 2.4GHz ISM, the use of band (2.4000GHZ - 2.4835GHZ).
※ Wireless effective transmission distance of up to 10 meters.
※ Support for TWS interconnection.
※ Unit Size: 6.80*6.03*8.00CM.

◆ Operating Instructions

Federal Communications Commission (FCC) Statement.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1)This device may not cause harmful interference, and
(2)this device must accept any interference received,
including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
?Reorient or relocate the receiving antenna.
?Increase the separation between the equipment and receiver.
?Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
?Consult the dealer or an experienced radio/TV technician for help.
Warning: Changes or modifications made to this device not expressly approved by Shenzhen Jaskey Technology Limited may void the FCC authorization to operate this device.Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user ’s authority to operate the equipment.
RF exposure statement:
This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment . The device is installed and operated without restriction.
