Microphone function operation

Button function details

Power/Pause: Press and hold to turn on/off the power. Press to pause or play the music.

Previous track/Volume- & Next track/Volume+: Short press to adjust the volume, long press to switch between up and down tracks.

Mode button/Vocal cut: Press to switch between Bluetooth mode, USB drive mode, MicroSD(TF) card mode and AUX mode. Press and hold to remove vocals from the song leaving only the background music.

Change tone: Press to switch between, original, male, female, child, magic sound effect.

How to use

Sing by Bluetooth

1. Turn on the speaker: Press and hold the power button to turn on the speaker. The power indicator will start flashing.

2. Bluetooth connection: Turn on the Bluetooth on your smart phone. In the Bluetooth setting, find the device name " K18 " and pair. The speaker will make a tone if the pairing is complete.

3. Turn on the microphone: Press and hold the power button on the microphone. The microphone will be connected to the speaker automatically and the corresponding indicator on the speaker will be on.

4. Adjust sound effect: Adjust the volume of the speaker and microphones and choose appropriate sound effects.

5. Play music: Open a music app on your smart phone and play any music you like. The volume of the music can also be adjusted on your phone. Pressing the Vocal Cut button can remove vocals from the song.

Note: Once you pair the speaker with your smart phone via Bluetooth, they will pair automatically when the next time you use.

The Bluetooth can be disconnected in the Bluetooth setting on your phone.

How to charge

1. When the battery is low. The device will shut down automatically.

2. Connect a DC 5V charger to the charging connector to charge the speaker or microphones. The charging indicator will turn red when charging and turn off when fully charged.

Parameters

Frequency range: 20Hz-20kHz
THD: <1%, 1kHz
Power supply: Built-in lithium-ion battery
Charging voltage: DC 5V

Federal Communications Commission (FCC) Statement. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received,

including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by Cotton On USA Inc

may void the FCC authorization to operate this device. Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

RF exposure statement:

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.
