

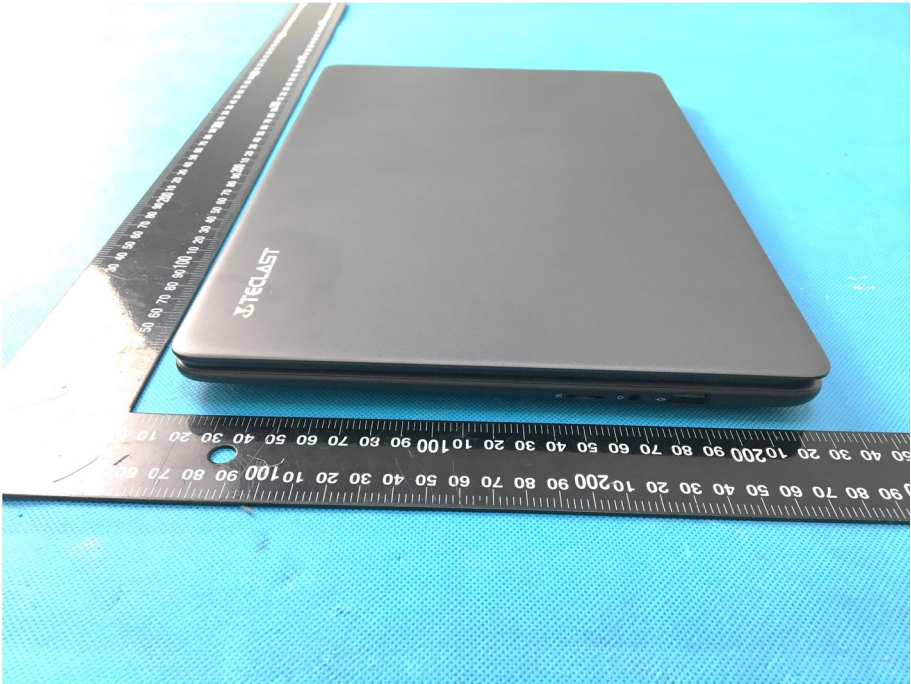

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black rectangular device, likely a power supply unit, is shown from a top-down perspective. It is placed on a blue surface next to a black ruler for scale. The ruler is oriented vertically, showing measurements in centimeters and millimeters. The device has a power adapter with two cables attached: one with a standard two-prong electrical plug and another with a different connector. The brand name "TECLAST" is visible on the bottom right corner of the device.
EUT View 2	 A black rectangular device, similar to the one in View 1, is shown from a top-down perspective. It is placed on a blue surface next to a black ruler for scale. The ruler is oriented vertically, showing measurements in centimeters and millimeters. The brand name "TECLAST" is visible on the bottom right corner of the device.

EUT View 3	 A black rectangular device, likely a USB drive, is shown from a top-down perspective. The device has the brand name 'TTECLAST' printed in white on its top surface. It is placed on a blue textured surface next to a ruler for scale. The ruler shows the device is approximately 10 cm long and 2 cm wide.
EUT View 4	 A black rectangular device is shown from a side profile. The device has a USB-A connector visible on its side. It is placed on a blue textured surface next to a ruler for scale. The ruler shows the device is approximately 10 cm long and 2 cm wide.

EUT View 5	
EUT View 6	

EUT View 7	 A photograph showing the back of a black Teclast F7 Plus 3 laptop. The laptop is placed on a blue surface next to a black ruler. The ruler is positioned vertically on the left side of the laptop, showing measurements in centimeters and millimeters. The laptop's back features a central rectangular area with two small screws, and the Teclast logo and model name 'F7 Plus 3' are printed near the bottom center. There are four circular feet at the corners of the laptop's base.
EUT View 8	 A photograph showing the front of a black Teclast F7 Plus 3 laptop. The laptop is open, and the screen displays the Teclast logo and the Intel logo. The keyboard and touchpad are visible. The laptop is placed on a blue surface next to a black ruler. The ruler is positioned vertically on the left side of the laptop, showing measurements in centimeters and millimeters.
