

MODEL DESCRIPTION AND DIFFERENCE

The model of EPU3HC-NNMMXYYYL series USB3.0 Hybrid Active Optical Cable description, EPU3HC-NNMMXYYYL series USB3.0 Hybrid Active Optical Cable, they contain many models as follows. The EPU3HC-A1A4K100M as the longest length configuration in the EPU3HC series.

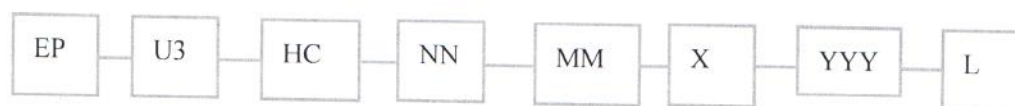

Model Name/Number(s): EPU3HC-NNMMXYYYL;

The length of others in the EPU3HC-NNMMXYYYL series is all less than EPU3HC-A1A4K100M.

We EverPro Technologies Company Ltd. hereby declare that the layout of PCB in the EPU3HC-NNMMXYYYL series are same, the only differences are the different length of optical fiber , connector type ,cable color, and software.

We'll be responsible for any consequences caused by other differences in the EPU3HC-NNMMXYYYL series.

The detail of model name to see below information:

- EP: Abbreviation of company name
- U3: USB3.0
- HC: Hybrid Active Optical Cable
- NN: Connector in Host Side, A0: Type A Plug, A1: Type A Plug with Screw;

Lewis Zhang

- MM: Connector in Device Side, A0: Type A Plug, A1: Type A Plug with Screw; A2: Type A Receptacle; A4: Type A Receptacle with Screw; B0: Type B Plug; B1: Type B Plug with Screw; B2: Micro B Plug; B3: Micro B Plug with Screw; B4: Type B Receptacle; B5: Type B Receptacle with Screw; B4: Micro B Receptacle; B5: Micro B Receptacle with Screw.
- X: Indicates different color of cable,
K-black B-blue W-white Y-yellow S-silver
- YYY= 001-100 indicates Cable length rang 1-100meters
- L: M-metal Housing,

Lewis Zhang.
