REQUEST FOR LIMITED MODULAR APPROVAL

Dear Application Examiner,

The ELEBIA AUTOHOOKS GFSK modulated transmitter module EVO is seeking FCC authorization as a modular transmitter.

The requirements of public notification DA00-1407 are met or not met resulting in limitations with the following details.

1. The modular transmitter must have its own RF shielding

The RF shielding compliance is demonstrated by testing.

2. The modular transmitter must have buffered modulation/data inputs

The module has a memory management unit inside of the IC. It buffers the data inputs.

3. The modular transmitter must have its own power supply regulation

The IC contains an own voltage regulation. In case of changes in the supply voltage VCC (for example caused by temperature changes or other effects), the internal voltage will be stabilized.

4. The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204c

The transmitter has been tested with dedicated antenna.

5. The modular transmitter must be tested in a stand-alone configuration

The EUT was tested in a stand-alone configuration with dedicated antenna.

6. The modular transmitter must be labelled with its own FCC ID number

The module is labelled with its own FCC ID.

7. The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.

The EUT is compliant with all applicable FCC rules.

8 The modular transmitter must comply with any applicable RF exposure requirements.

ELEBIA AUTOHOOKS, S.L.U.
N.I.F. B65770265
C/PARIS 45-47 ENTRESUELO 3ª
08029, BARCELONA
Tel. 934441707 - Fax. 934102303

The device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

Yours Sincerely

Oscar Fillo
