## Table of Contents

|                         |   |
|-------------------------|---|
| Table of Contents ..... | 3 |
| 1. Identification ..... | 4 |

## 1. Identification

Label rear of the device.

- Illustration 1 – Presence Sensor identification

- Product identifier code:
  - o Start with 3 letters indicating type / family of the product.
  - o Followed by 2 letters indicating the type of interface and / or communication of the product.
  - o Followed by 1 digit indicating version of the enclosures / enclosures / mechanical encapsulation.
  - o Followed by 2 digits indicating the hardware version.
  - o Finishing with 2 digits that indicate the firmware version.
- IEEE address: 12-digit alphanumeric MAC identification, unique for each device / product manufactured.
- S / N: Serial number of the hardware used in that product.
  - o Internal product accounting code.
  - o Hardware manufacturing number.
- Electrical characteristics of use.
- Certification and marking symbols: CE and FCC
- Place and year of manufacture.
