BEFORE USING REPAPER

iskn's Augmented Interaction™ technology works with magnets measuring the position and orientation of Repaper Ring™ in real time.

Follow these few basic rules for optimal use:

- Avoid placing Repaper on a metal table or one made with metal parts.

- Be sure to use only one writing tool at a time. For best use, keep all other metal objects more than 20cm (7,9") away from Repaper (smartphones/tablets, speakers, magnets, computers, etc.).

YOU'RE ALMOST THERE

First charge Repaper using your computer (PC or Mac).

CONNECT REPAPER

to your computer using the micro USB cable.

START OF CHARGING

The side LED is orange.

3 hours maximum

DEVICE IS CHARGED

The side LED is green.

Only charge Repaper using the micro USB cable provided via your PC or Mac. Do not charge Repaper by plugging it directly into an AC outlet using an adapter. You can start using Repaper while charging.

SLIP ON REPAPER RING™ / REPAPER & SCREEN

EN
FR
DE
ES
CN

Take your favorite pencil, slide down Repaper Ring™ to about 3 - 4cm (1,2") (1,6") from the tip.

TIP

Check the position of Repaper Ring™ by placing your tool here.

Good to know

Repaper Ring™ provided in this box is size S.
It can be used on all writing tools with a diameter of up to 7.3mm (0,3").
For larger diameters, size M is available (sold separately).

ATTACH A SHEET OF PAPER / REPAPER & SCREEN

Remove a sheet of paper from the sketchbook and place it on Repaper surface using the markings.

1.

2.

3.

1. Slide the Repaper clips until you hear them click.

2. To put on a new sheet: push the tab down and insert your sheet.

3. Lift the tab and pull back the Repaper clips.

Ensure Repaper Orientation

Good to know

Be careful not to change the position of the sheet during use.
Use only one sheet at a time (not a sketchbook).
All types of paper are compatible with Repaper.
Sheet dimensions: 148 mm x 210 mm (5.8" x 8.3").
