# Charging Your Headphones

1. The included USB charging cable has a Micro USB plug and a standard USB plug.

2. Insert the USB charging cable's MICRO USB plug into the charging port on your headphones.

3. Insert the USB charging cable's standard USB plug into the USB ports of a computer or suitable USB charging adapter.

4. The LED indicator light turns red while the headphones are charging. It turns off once charging is complete.

Charging takes 1-2 hours. Unplug when charging is complete.

Important: To avoid a complete discharge of the battery, charge your headphones at least once every six months.

# Pairing Your Headphones with a Bluetooth Device

1. Press and hold the power button to power on your headphones.

Pairing Mode  
Blue & Red    Flashing LED

2. The LED indicator light will alternately flash red and blue to indicate that your headphones are in pairing mode.

3. Go to the Bluetooth settings menu on your phone. Make sure that Bluetooth is turned on. Connect to the device listed as

Paired  
Blue    Slowly Flashing LED

4. The LED indicator lights will slowly flash blue to indicate that your headphones are paired with your phone.

# Using Your Headphones

## Powering Your Headphones On and OFF

1. Press and hold the power button in order to power on your headphones. If you have paired your headphones to your Bluetooth device previously, they will automatically remain paired each time you power on your headphones.
2. Press and hold the ON/OFF button in order to power off your headphones.

## Listening to Music

1. Play/Pause Button : Press to play or pause a track.
2. Press and hold the Next Track/Volume + button to increase the volume.
3. Press and hold the Previous Track/Volume - button to decrease the volume.
4. Quickly tap the Next Track/Volume + button to advance to the next song in a playlist.
5. Quickly tap the Previous Track/Volume - button to go back to the previous song in a playlist.

## Using the Phone Function

1. Answering a Call: Quickly press the Answer Call button to answer an incoming call.
2. Reject an Incoming Call: Press and hold the Answer Call button to reject an incoming call.
3. Ending a Call: Quickly press the Answer Call button to end a call.

## Auxiliary Input Mode

To use your headphones with devices that are not Bluetooth enabled, plug one end of a standard 3.5mm audio cable into the Auxiliary Port on your headphones. Plug the other end into the headphone jack on your audio device.

# Maintenance and Care

- Before using your headphones, inspect the ports to make sure that they are clear of dust and debris before charging.
- Use a soft cloth to clean your headphones. Never use any harsh chemicals or detergents. Make sure your headphones are dry before using.
- When your headphones are not in use, they should be stored in a cool, dry place.
- Never tug or yank on the charging cable while it is connected to your headphones. Connect and disconnect this cable as carefully as possible.
- Never expose your headphones to high temperatures, extreme cold, high humidity or excessive moisture or water.
- Please recycle or dispose of your headphones properly based on the laws and rules of your municipality. Contact local recycling facilities and/or the manufacturer of your headphones for further information.

# FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**FCC Radiation Exposure Statement:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
