User manual

ASKA ELECTRONICS CO., LIMITED

## Get started

Congratulations! Thank you for choosing M5 Bluetooth stereo headphone. Before using M5 users should read this manual to familiarize themselves with the Bluetooth functions of your mobile phone or other devices.

## Safety Rules

- 1, Please follow the rules depicted in this manual carefully to ensure your safety. Before using this M5, we would strongly encourage you to read through this user manual.
- 2, Be more care of any edges, uneven surfaces, metal parts, accessories and packaging to avoid any possibility of injury.
- 3, Do not dismantle, repair and modify product to avoid fire breaking, electric shocking and product damaging completely, which are not covered under warranty.
- 4, Do not use any diluents or volatile liquid to clean the M5
- 5, Do not use the M7 in a hazardous location.

## Features

- 1, Bluetooth 4.0+EDR
- 2, aptX® audio technology
- 3, IPX4 water-proof
- 3, Support connecting with 2 phones devices
- 4, iOS show the headphone battery power status

## How to use

### 1, L&R orientation

### 2. Great sound performance is in selecting the right size eartip

**We love great sound. Make sure you hear it.**

Because everyone's ears are different, be sure to try all sizes of eartips. Only with the right size eartips will you enjoy snug fit & premium sound quality.

**Back it up with secure fit ear cushions.**

The earbuds may slip out of your ear a little. You will lose bass when this happens so use the secure fit ear cushions to hold them in place for best sound.

### 3 ,General Function

## FCC Information and Copyright

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates,

uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference

to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does

cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is

encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
