Shenzhen L&Y Audio Co., LTD

What's in the box	Specifications	Power / Bluetooth	Battery Charging	Hands-Free	
    	<p>Specifications</p> <ul style="list-style-type: none"> Power: 5W RMS Smart Voice-control to activate Siri/Google Now CSR4.0+EDR, A2DP AVRCP 1800mAh Rechargeable Li-Polymer Battery Play time: Up to 10 Hours (5 Hours at Max Volume, Full Bass Status) IPX5 Splashproof HFC (Hands Free Calling) 2" full range driver 360° omnidirectional sound Dimensions: 102 x 95 x 43 mm / 3.94 x 3.70 x 1.81 inch NET Weight: 200g / 0.2kg / 0.44 lb / 7.05 oz 	<p>Power / Bluetooth</p> <ul style="list-style-type: none"> Short press to Turn On/Off; long press for 3 seconds for Bluetooth pairing.  <p>* GENIE will remember the previous Bluetooth connection and pair back automatically the next time turn it on. To pair with another device instead, long press the power button for 3 seconds, after a "Dong" tone and the Blue LED quick flash, repeat the normal Bluetooth connection procedure.</p> <p>Voice Control / Volume</p>  <p>1. Rotation for the bluetooth music, voice, the volume to add and subtract 2. Short press - Pause/Play/pick up phone calls 3. Long press for 3 seconds to activate voice control</p> <p>Voice control is capable based on: 1. Your phone is Siri or Google Now compatible; 2. Your phone's internet service is available.</p>	<p>Battery Charging</p> 	<p>Hands-Free</p> 	<p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. <p>Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.</p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p>

Bluetooth Version: 4.0 + EDR	Bluetooth Version: 4.0 + EDR	Versión Bluetooth: 4.0 + EDR	Wersja Bluetooth: 4.0 + EDR	<ul style="list-style-type: none"> Applicable To: All DreamWave Bluetooth speakers The trouble shooting steps in this article apply if audio is intermittent, crackling or distorted when streaming via Bluetooth.
Bluetooth Chipset: CSR	Bluetooth Chip: CSR	Chipset Bluetooth: CSR	Chipset: CSR	<ol style="list-style-type: none"> 1. Try playing other audio files. Ensure that audio can play fine from the same audio device when using a headphone. 2. If Step 1 is not the case, try listening to audio by connecting the speaker to your device using an Aux-in cable. This will isolate if it's a Bluetooth connection issue or not. Remember to disconnect/un-pair the Bluetooth connection first. 3. If the issue only happens when connecting via Bluetooth, do the following: <ol style="list-style-type: none"> a. Make sure what you are connecting is this speaker (select "Bubble Pods" within the Bluetooth list on your device) b. Make sure the volume is not in the minimum c. Adjust the distance between the speaker and the Bluetooth device, make sure it is within the distance of 10 meters. d. Make sure there is no interference between the speaker and the device. e. Clear the current pairing entry from your Bluetooth device. f. To isolate, close other devices Bluetooth g. Try re-pairing the speaker and the Bluetooth device.
