

# noodoe

Quick Start Guide

## Play Noodoe

### Rotate Forward

Rotate forward to scroll forward.

### Shake

Shake to wake up.

### Magic Spot

Tap the bubble when it appears.  
Cover this magic spot for 2 seconds to get the statuses.

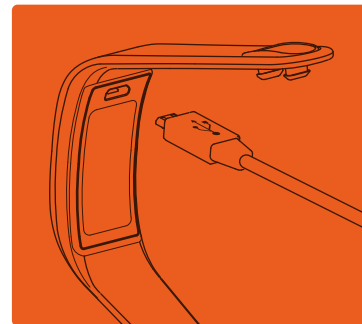

### Tilt

Tilt to switch rings.

### Rotate Back

Rotate back to scroll back.

## Charging

Plug the charging cable into a power outlet, and insert the micro USB connector into the port of your Noodoe. You will see Noodoe logo displayed on the screen.

When charging, by shaking your Noodoe, you will see Battery Charging animation on the screen.

## Pairing

Scan the barcode above or link to [www.noodoe.com](http://www.noodoe.com) to download and install Noodoe App on your phone.

Launch Noodoe App, then follow the prompts to pair your phone and Noodoe.

When pairing success, you can see the information Pairing Success on the screen.
