FCC ID: 2AD5C-FOB1
FCC ID: 2AD5C-1984

To Whom It May Concern:

This letter is to declare that the **Design SHIFT Desktop Computer/Key Fob, Model ORWL/KFOB**, has been used for conducting FCC compliance testing, the DoC part has been tested by an FCC recognized test lab (SGS Taiwan Limited).

It is herewith confirmed that it was found to comply with the requirements specified by ANSI C63.4 & FCC Title 47, PART 15 regulations for the evaluation of electromagnetic compatibility.

This Device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference and, (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules as documented in the above referenced test report. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

This equipment referenced in this declaration is identical to the unit tested and found acceptable with the standards. The technical records maintained by the responsible party continue to reflect the equipment being produced under this Declaration of Conformity within the variation that can be expected due to quantity production and testing on a statistical basis.
If you have any question or concerns, please contact us.

Sincerely,

Name / Title : Daniel Nelson / Director of Quality and Compliance
