

FCC Requirement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) this device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:
 (1) This device may not cause interference; and
 (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme aux CNR exempts de licence d'Industrie Canada . Son fonctionnement est soumis aux deux conditions suivantes :

(1.) Ce dispositif ne peut causer d'interférences ; et

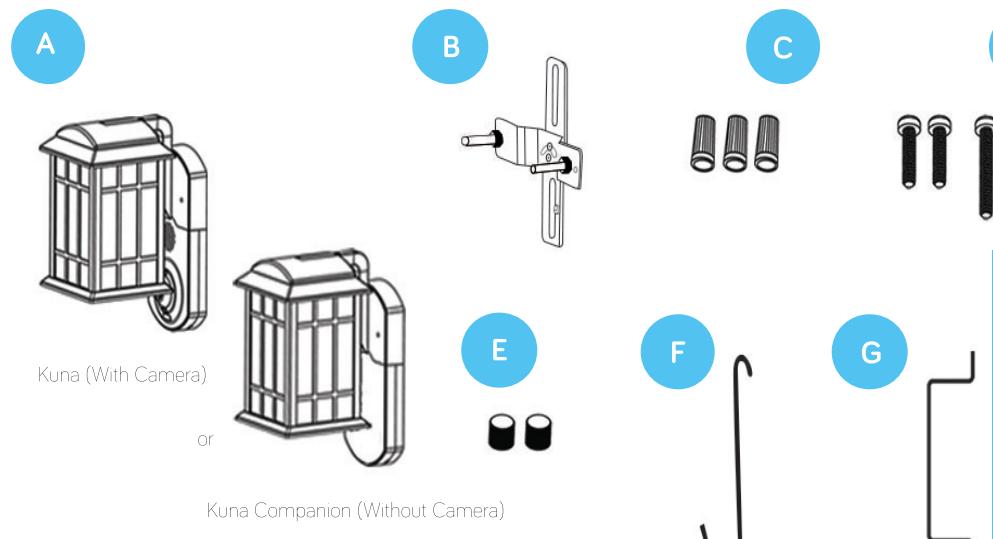

(2.) Ce dispositif doit accepter toute interférence, y compris les interférences qui peuvent causer un mauvais fonctionnement de l'appareil.

The distance between user and products should be no less than 20cm

Quick Start Guide

What Is Included

Applicable to All Kuna or Kuna Companion Styles

PART	DESCRIPTION	QUANTITY
A	Kuna or Kuna Companion light	1
B	Mounting bracket with two long screws and two nuts	1
C	Wire nuts	3
D	Screws for junction box (2 short and 2 long)	4
E	Decorative fixture nuts	2
F	Fixture holding hook	1
G	Fixture screws length indicator	1

What Is Not Included

A recommended standard A-15 LED or CFL light bulb, 450 Lumen and 40W equivalent.

Other tools needed: a Phillips head screwdriver, a step ladder and silicone sealant (optional).

SAFETY INFORMATION

- Risk of fire or electric shock. 110V-240V light installation requires knowledge of lighting and electrical systems. If not qualified, do not attempt to install. Contact a qualified electrician.
- Disconnect power at fuse or circuit breaker before installing or servicing.
- No user-serviceable parts inside. To avoid electrical shock, do not disassemble product.
- To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.
- Use only on 110V-240V AC, 50-60 Hz circuits, and with maximum 80W light bulb.
- This device complies with Part 15 of the FCC rules and has been tested and found to comply with the limits for a digital device. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy. If not installed correctly or used in accordance with the instructions, it may cause harmful interference to radio communications.
