Selfie On A Stick LLC ("Selfie On A Stick") products are guaranteed against manufacturing defects six (6) months from the original date of purchase. Selfie On A Stick's sole obligation in the event of such defects during this period is to repair or replace the defective part or product with a comparable part or product at Selfie On A Stick's sole discretion. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Except for such repair or replacement, the sale, processing or other handling of this product is without warranty, condition or other liability even though the defect or loss is caused by negligence or other fault. Selfie On A Stick assumes no liability for any accident, injury, death, loss, or other claim related to or resulting from the use of this product. In no event shall Selfie On A Stick be liable for incidental or consequential damages relating to or resulting from the use of this product or any of its parts. Returns or replacements of parts and/or products may be subject to shipping, handling, replacement and/or restocking fees. Questions relating to the Selfie On A Stick warranty should be directed to Customer Service at info@selfieonastick.com or by mail to Selfie On A Stick LLC, Attn: Customer Service (warranty), 99 John Street, suite 912, New York, NY 10038.

Battery Disposal:

Batteries should be recycled or disposed of as per state and local guidelines; regulations relating to battery recycling and disposal vary from state to state. For best results, use type CR2032 lithium batteries. Install only new batteries of the same type in your product. Failure to insert batteries in the correct polarity, as indicated in the battery compartment, may shorten the life of the batteries or cause batteries to leak.
Do not mix old and new batteries.
Do not mix Alkaline, Standard (Carbon-Zinc) or Rechargeable (Nickel Cadmium) or (Nickel Metal Hydride) batteries.
Do not dispose of batteries in fire.

This device is FCC compliant.

Federal Communications Commission (FCC) Interference

Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

RF exposure warning

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment must not be collocated or operating in conjunction with any other antenna or transmitter.
