

Label and placement, Tag-M50X

Tag-M50X comes in three versions, Tag-M500, Tag-M501 and Tag-M503. They are labelled with a smaller label on the side containing model version, serial number and the serial number in the form of a data matrix. They are labelled with a larger label on the back side containing all remaining mandatory information.

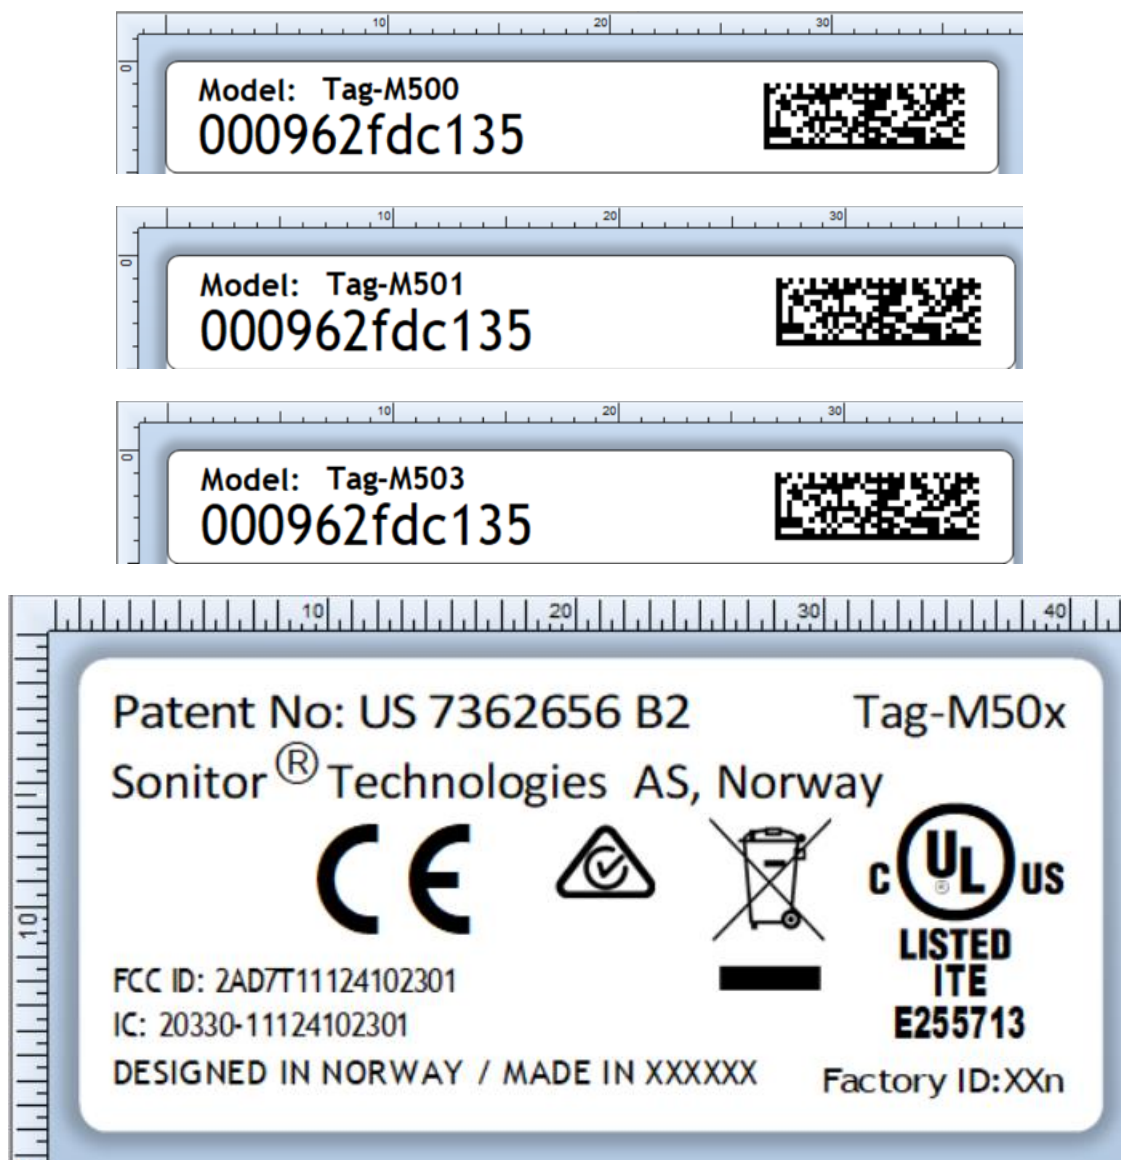

Figure 1: The smaller label (upper image) and the larger label (lower image) for Tag-M50X.

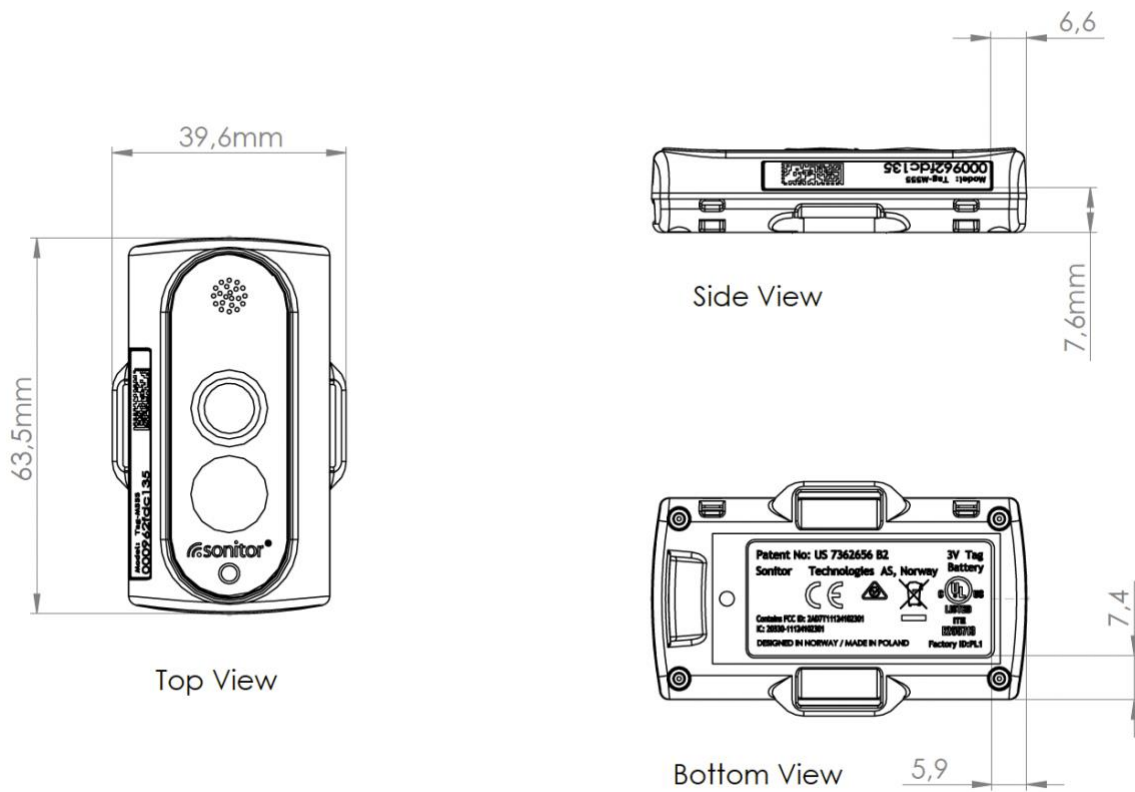

Figure 22: Placement of labels on the side and bottom of the tag.
