RE: Description of Permissive Change
Applicant: Nokia Solutions and Networks

Dear Examiner,

This is to request a Class II permissive change for Outdoor WiFi Access module FCC ID: 2AD8UFZCWMBOM2 to add a new supported directional antenna type and to enable DFS channels. No modification to the previously type approved RF circuit was required to accommodate this change. For reference, original FCC grant was issues on 02/08/2018. If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

(Signature)

A handwritten signature in black ink is written over a horizontal line. The signature is stylized and appears to read 'Terry Schwenk'. Below the line, the word '(Signature)' is printed in a standard font.
