

DORCY

APP CONTROLLED LED LANTERN

OPERATING MANUAL

Bluetooth | iOS | Android

Compatible with iOS System 7.0 and above and Android OS 4.3 and above.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference in a residential installation.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Congratulations you have just purchased the most technically advanced performance portable lighting product ever produced. The Dorcy Model 3200 App Controlled Lantern is the world's first emergency, outdoor, adventure lantern to combine state of the art solid state lighting technology with Bluetooth enabled remote control through the exclusive Dorcy Mobile App.

Your Dorcy lantern will operate with either iOS or Android systems.
