- USB Charging Cable (x1)
- Instruction Manual (x1)

Compliance Information

FCC Information
The Federal Communications Commission (FCC) is the U.S. Federal agency that regulates interstate and international communications by radio, television, wire, satellite, and other electromagnetic means.

The FCC requires that products that use radio frequency (RF) energy be certified to ensure that they do not cause interference with other electronic devices. The FCC has divided the world into two parts: Part 15 and Part 18 of the FCC Rules. Part 15 is designed to protect the radio spectrum for use by the FCC. Part 18 is designed to protect the radio spectrum for use by the FCC. Part 15 is designed to protect the radio spectrum for use by the FCC. Part 18 is designed to protect the radio spectrum for use by the FCC.

Part 15 Information
The FCC has divided the world into two parts: Part 15 and Part 18 of the FCC Rules. Part 15 is designed to protect the radio spectrum for use by the FCC. Part 18 is designed to protect the radio spectrum for use by the FCC.

Part 18 Information
The FCC has divided the world into two parts: Part 15 and Part 18 of the FCC Rules. Part 15 is designed to protect the radio spectrum for use by the FCC. Part 18 is designed to protect the radio spectrum for use by the FCC.

Warranty Information

Warranty Statement
Sealed Air Corporation, Inc. warrants that the product is free from defects in materials and workmanship under normal use and service for the period specified in this warranty.

LIMITED WARRANTY TO ORIGINAL PURCHASER
This warranty is limited to the original purchaser of the product. It is not transferable. The warranty is void if the product is used for commercial purposes, is damaged, or is not used in accordance with the instructions.

Warranty Exclusions
This warranty does not cover the following:

- Products that are damaged by accident, misuse, or abuse.
- Products that are damaged by fire, flood, or other natural disasters.
- Products that are damaged by unauthorized repair or modification.
- Products that are damaged by use of non-authorized accessories.
- Products that are damaged by use of non-authorized power sources.
- Products that are damaged by use of non-authorized software.
- Products that are damaged by use of non-authorized hardware.
- Products that are damaged by use of non-authorized components.
- Products that are damaged by use of non-authorized parts.
- Products that are damaged by use of non-authorized materials.
- Products that are damaged by use of non-authorized tools.
- Products that are damaged by use of non-authorized equipment.
- Products that are damaged by use of non-authorized facilities.
- Products that are damaged by use of non-authorized personnel.
- Products that are damaged by use of non-authorized methods.

Getting Started

Charging the Speaker
 1. Use the rubber seal covering the charging port, and plug the small connector of the included charging cable into the charging port. Plug the large connector into a USB power port or a **5V USB adapter** (not included) and plug into a wall outlet.
 2. The charging LED indicator will turn **RED** with light turn OFF when fully charged. When done charging, make sure the protective cover is completely sealed.

Powering ON/OFF
 1. Press and hold the (Q) button to power the speaker ON or OFF.
 2. When powered ON, the speaker will automatically enter pairing mode and begin to pair to any nearby, previously connected devices that have Bluetooth enabled.

Using the Lantern Light
 Press the (Q) button on the top of the speaker to turn the lantern light ON and OFF, and change light brightness and light mode.

Playing Music
 To listen to music on your speaker, you must be paired to a Bluetooth-enabled device. See the **Bluetooth Pairing** section on the next page for detailed instruction.

Bluetooth Pairing
 1. Power the speaker ON. A tone will be heard, and the Bluetooth LED indicator will **quickly flash BLUE**.
 2. For portable devices to search for Bluetooth devices, when it appears, select **BT003620** from the list of found devices.
 3. Once connected by the pair, a tone will be heard and the Bluetooth LED indicator will **turn solid BLUE**.

Adjusting Volume & Playback
 1. You can adjust volume and playback with your connected device, or with the speaker button functions below:
 2. Press the (Q) button to adjust volume up.
 3. Press the (Q) and (Q) buttons to adjust volume down.
 4. Press the (Q) button to pause and resume playback.

Using the Speaker in Wet Conditions
 The speaker has an **IPX4** rating, meaning that it is protected against water splashes from all directions. It is **NOT protected** from submersion under water such as **boating**.
 Always make sure that the protective rubber seal is completely covering the charging port before using the speaker in wet conditions. **Never charge the speaker in wet conditions.**
