

Label and Location

■ FCC ID Location

- The FCC ID is labeled on the packing box of this product and is described in the user manual.
 - The FCC ID cannot be printed on six sides of this product in a font size larger than 4 pt for the following three reasons.

■ Three reasons

- The FCC ID may disappear on the top side if chemicals is splashed because this product is used in a factory.
- The FCC ID cannot be printed on four sides because they are curve.
- The FCC ID cannot be printed on the bottom side because there is no space.
