Request of Class II Permissive Change

Company name Cokiya Inc.
FCC ID: 2ADNA-S10
FCC Part 15 Certification

Gentlemen,

This application is for a Class II permissive change for the use of Cokiya's: 'Broadcom Module BCM20732S' with FCC ID: 2ADNA-S10 in the host product: Cokiya's: 'Node-O-Scope Model S-10'

Cokiya's; 'Broadcom Module BCM20732S' with FCC ID: 2ADNA-S10 is being installed in the host. It is reflow-soldered onto the host circuit board. No changes are being made to the module. This includes the antenna, which is integrated in the module, the software, the hardware, the bill of material, the schematic, the block diagram, the theory of operation, and all operational parameters.

Tests were performed on the host to show compliance with the Original Grant conditions.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Yarnall".

Steve Yarnall
COO, Principal
Cokiya Inc.
