The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors.

The applicant understands that pursuant to Section 0.457 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application.

Pursuant to DA04-1705 June 15, 2004 of the Commission's public notice, we also require temporary confidential treatment of information accompanying this application as outlined below for a period of 180 days:

Exhibit Type	File Name
Internal Photos	2ADX4- TAGB3 IntPho.pdf
Test Set-up Photographs	2ADX4- TAGB3 TSup.pdf

Temporary confidentiality from public disclosure is important for Red Point Positioning Corporation from a commercial perspective. It enables the company to complete its development and regulatory efforts prior to introducing the product to the marketplace. Releasing information on the product via the FCC website prior to formal market introduction can be confusing to our customers and the medical community, and places the company at a competitive disadvantage.

Sincerely,
