Board-Component
View 3

Solder Board-Component View 4	 A photograph of a small, rectangular electronic component, likely a solder mask or a small PCB, placed on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length spanning approximately 10 to 20 mm. The component has a light-colored, possibly silver or white, surface with some darker areas.
Solder Board-Component View 5	 A photograph of the same electronic component from a different angle, showing its top surface. The component is placed on the same blue textured surface next to the same black ruler. The ruler shows measurements in millimeters, with the component's length spanning approximately 10 to 20 mm. The component has a green surface with a central black square component, possibly a microcontroller or a sensor, and several small, circular components around it.
