To whom it may concern:

This letter is to comply with Sections 0.457 and 0.459 pertaining to confidential material. Fidemco, LLC would like the following documents regarding this submission for FCC ID: 2AE3OTX-KILN-I to be permanently kept confidential:

1. All pages of document "Internal Photos"
2. All pages of document "Schematics"

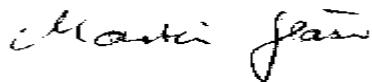

The above material contains trade secrets or technical data, which are not publicly available and therefore guarded from competitors.

Guarding is achieved by encapsulating the entire circuitry in an opaque epoxy potting material.

Measurement technology and power management of this battery-operated device are unique for this application and competitors have so far not been able to copy it. At this point in time there is no similar product on the market from a competitor with any significant sales. Technical details of this product are only known in-house at Fidemco, LLC and to very few external suppliers.

For these reasons we do not want the documents listed above to be accessible to the general public.

Sincerely,

Martin Glaeser / President
