

Solder Board-Component View 9	 A photograph of a green printed circuit board (PCB) with various electronic components. The board is oriented vertically and is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The PCB features several silver-colored connectors along the top edge, a central integrated circuit (IC) with a label '02K0150990B0', and various other components like resistors and capacitors. The background is a blue textured surface.
Solder Board-Component View 10	 A photograph of the same green PCB from a different angle, showing the bottom side. The board is oriented vertically and is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The PCB features several silver-colored connectors along the top edge, a central integrated circuit (IC) with a label '02K0150990B0', and various other components like resistors and capacitors. The background is a blue textured surface.
