Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) component, labeled 'View 5'. The board is rectangular and populated with various electronic components, including a large central integrated circuit (IC), several smaller ICs, resistors, and capacitors. It features multiple connectors: a USB Type-A port, a USB Type-C port, and several circular ports (likely for audio or video). The board is placed on a blue textured surface next to a black ruler with white markings in millimeters and centimeters for scale.
Solder Board-Component View 6	 A photograph of the same green PCB component, labeled 'View 6'. This view shows the board from a slightly different angle, highlighting the bottom edge and the connectors. The components and layout are consistent with View 5. The board is again placed on a blue textured surface next to a black ruler for scale.
