#### Tripod Connection

- Attach your MiGo to a tripod to take timed selfies
- Tripod hole located at the bottom of the MiGo

#### GoPro Connection

- Attach your GoPro to your MiGo
- Take live action videos or even attach to your tripod

#### Wrist Strap Connection

- 1/4" screw hole located on bottom of base
- Different accessories can be installed such as a tripod, keychain etc
- Wrist Strap Attachment - Firmly secure to wrist

#### Declaration of Conformity

**Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. You can refer the following completed FCC warnings.**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1) This device may not cause harmful interference.
- 2) This device must accept any interference received, including interference that may cause undesired operation.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**CAUTION**  
**RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.**  
**DISPOSE OF USED BATTERY ACCORDING TO THE INSTRUCTIONS.**
