

Statement

The product information certified by our PETKIT Network Technology (Shanghai) Co., Ltd. is as follows:

Name: PETKIT EVER SWEET WIRELESS(SUS304)

Model: P4108

Because our product includes a wireless charging function, wireless charging only supplies power to the motor, and only transmits energy, not data. In order to comply with the requirements of FCC regulations in the United States, we will carry out the SDOC test of FCC PART 18 for this product in the future. So now we will conduct the FCC PART 15C certification test of the Bluetooth part for now. thanks.
