## T001

迷你智能震动棒 (Smartphone Controlled Vibrator )

Welcome to use REALOV™ T001.

T001 can be used as a conventional vibrator, as well as be connected to a smartphone through an APP, therefore providing you and your lover with a sensational and unexpected experience.

For more functions, please download the APP and refer to the “User’s Guide”, or visit [www.realov.com](http://www.realov.com)

The product package includes,

- 1) T001 Vibrator
- 2) USB Cord
- 3) Storage Bag
- 4) User’ s Guide

### To Charge:

Insert one end of the data wire into the T001 and connect the other end to the USB port or USB/AC adapter (not included).

A red light indicates the T001 is charging .

When the T001 has fully charged the light will turn to green.

### To Turn On and Off

To Turn On: Hold the button for **3 seconds** until you feel it vibrate once. .

To Turn Off : Hold the button for 3 seconds until you feel it vibrate three times .

### How To Use:

#### Manual mode (No Need for Smartphones)

After it is turned on, press the button briefly to shift through the 10 vibration modes.

## Smartphone Control Mode:

### Download and Install the App:

1) IOS System: Through the APP store, search “REALOV” to download and install.

Android System: Through Google Play, search “REALOV” for downloads and installations.

2) Scan the QR code on the packaging and follow the directions .

3) Download the APP at : [www.realov.com](http://www.realov.com)

### Initial Pairing

After T001 has been turned on, enable Bluetooth on the smartphone, the APP and the smartphone will automatically search T001 and finish the pairing process, then “Connected” will be displayed on the left upper corner of the smartphone screen.

Caution:

1.First time pairing in the Setting is a must for part of the Android smartphone. ( Methods: Smartphone-Settings – Bluetooth – Scan – Pairing ), then run the APP . ( However in any case, please try to run the APP directly first )

2.When the T001 or the cell phone is low in power, the pairing will be affected. Please recharge it immediately.

**Pairing cancellation:**

Click the “Connected” button on the left upper corner of the screen to disconnect .

**Successive Pairing (shaking for connection):**

As long as the APP is not cancelled, shaking the cell phone can automatically begin the process.

For more function, please refer to the “User’s Guide” in the APP, or log on to : [www.realov.com](http://www.realov.com)

### Federal Communications Commission (FCC) Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio

frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Warning:** Changes or modifications made to this device not expressly approved by Shanghai Realov Electronic Technology Co., Ltd may void the FCC authorization to operate this device.

**Note:** The manufacturer is not responsible for any radio or tv interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
