Re: Applicant: Harsco Rail, a division of Harsco Corporation  
FCC ID: 2AEO5-XBPSX  
Part 2.933(b) Change in Identification of Equipment

Harsco Rail requests a change in identification of a currently certified device under Part 2.933(b).

The original equipment identification is FCC ID: MCQ-XBPSX.  
The original grant for Digi International was issued on 12/22/2015.

The original test data filed by Digi International continues to be representative of the newly identified device. There are no changes to the hardware or software.

This change in identification is requested for the newly identified device, FCC ID: 2AEO5-XBPSX, which is physically and electrically identical as defined by Part 2.907, to the originally approved module.

Photographs as required under Part 2.933(5) and FCC ID label are submitted with this request.

Please let us know if you might require anything further to assist with your review of this Change in Identification of Equipment.

A handwritten signature in blue ink, appearing to read "James Resio".

James Resio  
VP Protran Technology: A Harsco Rail Company
