

HIGH PERFORMANCE

TH RADIO CONTROL SPIDER-MAN RACING

"Hereby, [Name of manufacturer], declares that this [type of equipment] is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

COMPONENTS

F.C.C. CAUTION:
The manufacturer is not responsible for radio interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

For Best Results:

1. Do not mix old and new batteries.
2. Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
3. Use alkaline batteries only.

Battery Requirements: (not included)
Vehicle: 3 "1.5VLR6/AA" Batteries.
Controller: 3 "1.5VLR6/AA" Batteries.

NOTE:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING:
CHOKING HAZARD - Small parts. Not for children under 3 years.

CHARGE

Battery Installation:

1. Remove battery compartment covers on vehicle and controller.
2. Install 3 "AA" alkaline batteries in the controller and 3 "AA" alkaline batteries in the Vehicle with positive (+) and negative (-) ends matching the compartment markings.
3. Replace the battery covers.

Antenna Installation (Controller and Vehicle):

1. Insert white antenna into the black tube and place the red cap on top of the black tube.

OPERATION

Operation:

- 1. START:** Move switch on front of controller and on bottom of vehicle to the "ON" position.
- 2. FORWARD/REVERSE:** Push arrow-up-button to move vehicle forward and arrow-down-button for reverse.
- 3. LEFT/RIGHT STEERING:** Push arrow-left-button to turn vehicle left or arrow-right-button to turn right.
