

		1100 E Chalk Creek Road Coalville, UT 84017 (435) 336-4433 FAX (435) 336-4436		<h2 style="text-align: center;">RF Exposure Statement</h2> <h3 style="text-align: center;">SAR Exclusion Worksheet</h3>	
DNB Job Number:	56076	Date:	21 Oct 2015	<b>Conformance Standard</b> 47 CFR 2.1091 (Mobile) 47 CFR 2.1093 (Portable)	
Customer:	D. Green Engineering LLC				
Model Number:	OR	FCC ID: 2AERJ-OR-01			
Description:	Transceiver used in Hunting Dog tracking products			<b>Guidance Document</b> KDB 447498 D01	

SAR EXCLUSION CALCULATIONS per Clause 4.3.1		
Step 1	SAR test exclusion thresholds for 100MHz to 6GHz at test separation distances $\leq 50\text{mm}$	
	Maximum Power of Channel, including tune up tolerance in mW	1
	Minimum test separation distance in mm	5
	Frequency in GHz	2.4835
	Threshold calculation =	0.3
	Is the threshold calculation below (3.0) the 1-g SAR for head and body	YES
	Is the threshold calculation below (3.0) the 1-g SAR for head and body	YES

SAR EXCLUSION Comparison to Appendix A		
	SAR test exclusion thresholds for 100MHz to 6GHz from Appendix A	
	Maximum Power of Channel, including tune up tolerance in mW	1
	Maximum allowed power in Appendix at specified test distance	10
	Is the Maximum Channel Power below the Appendix A threshold for head and body	YES
	Is the Maximum Channel Power below the Appendix A threshold for extremity	YES

CONCLUSIONS
EUT is compliant with the SAR Exclusion per Clause 4.3.1 and per Appendix A - No further SAR or MPE measurements or calculations are required.
