Re: Short and Long Term Confidentiality Requests for
FCC ID 2AETF-1013

To Whom it may Concern:

Franklin Cape Range Limited Liability Company
("Company") is hereby requesting confidential
treatment in reference to the Equipment Authorization
for FCC ID No. 2AETF-1013.

Pursuant to FCC Regulation Sections §§ 0.457 and
0.459, Company requests short term confidentiality for
the following documents. Please keep these
documents confidential for at least 180 days after the
grant date for FCC ID 2AETF-1013.

1. User manual;
2. Set-up test photos;
3. Internal device pictures; and
4. External device pictures

These documents contain Company's business
sensitive information which the Company needs to
keep confidential until the actual marketing of
Company's newly authorized products. If the
information were made public before the product's

launch, Company would experience a competitive disadvantage.

Franklin also respectfully requests permanent confidentiality under FCC Regulations §§ 0.457 and 0.459 for its:

1. Device Schematics;
2. Operational Descriptions;
3. Block Diagram; and
4. Antenna specification

These documents contain Company's highly confidential trade secrets, including detailed technical and design information which Company does not share with third parties in the absence of a signed confidentiality agreement. Company would experience a severe competitive disadvantage if this information were made known to the public even after the product is launched.

Please let me know if you have any questions.

Thank you,
